  - A confirmation message will be displayed.

# View Passes

To view the granted passes, you can tap “View passes” on a pass request grant success message.

You can view all passes granted to you by tapping the “My Passes” icon on the footer and navigating to the “My passes” screen.

You can see the passes are divided into three categories as;

## Active Passes

Active passes should be listed here.

- Here you can tap on a pass or a set of passes to navigate to its “Pass Details” screen.

To redirect to the “Pass Details” screen, tap “View pass conditions”.

## Reserved Passes

Reserved passes are listed here.

## Expired Passes

Expired passes are listed here.

# Share Passes

There are two ways to share the pass:

- Tap the “Share” icon at the top right corner of the “Pass Details” screen. You can then send the pass through your preferred method (text, WhatsApp, etc).
- Or, tap “View QR Code”. This will display the QR code for that particular pass or set of passes. The person who wants to receive the pass will use the “Scan QR” icon in the upper right corner of the app to scan the QR code.

This feature is especially useful for guides who may reserve the passes for one or more clients and then share the pass with each client so they can experience the benefits of the app (such as the completion badges) on their own mobile devices.
